William S. Justice (fka) William Soler, Jr. Vs.
Christopher T. Sununu et al (case # 1:20-cv-517-PB)

THIS ADDENDUM TO BE ADDED TO THIS LAWSUIT

After this lawsuit was created by my former guardian, Wanda Duryea, a later crime(s) against William Justice (me) was (were) perpetrated by prison staff. The culprits were property c.o. Aaron Belanger and Sgt. Eric Barbaro. This incident took place on Thurs., April 09th, 2020. Other staff members that may have written reports about incident are c.o. Wrenn and nurse Nancy.

A letter 3 pgs. long written by Mr. Justice for the FBI about this ordeal (in details) is included with this Addendum. There are also 4 other related/supportive documents included with this Addendum.

The relief that Mr. Justice now seeks after you (judge-aka-HONORABLE one) reads the FBI letter (too, the other 4 documents), is that you will now feel compelled to hold those HOOLIGANS (correctional ofcs.) accountable, as it should be. Then lawfully and justifiably compensate the victim (Mr. Justice) to the fullest extent of the law. THANKS HONORABLE 1 and may Jesus continue BLESSING you!!!

My name is William Soler, Jr., I'm currently a victimized patient at the Secure Psychiatric Unit (the SPU) of the NH State Prison for Men, up in Concord, NH. I've been here since Tues, Feb 13th, 2018. Wanda Duryea (a NH Mental Health Advocate) had her husband file a lawsuit at the U.S. District Court, right here in Concord, on my behalf against the prison and the Office of Public Guardian (OPG), a couple of days ago (on Tues April 28th, 2020). If memory serves me correct Wanda listed about 14 criminal counts that the prison and OPG colluded against me with since I've been here.

However, that lawsuit does not include the most recent crimes perpetrated by the prison and OPG, which took place on Thurs, April 9th, 2020, by correctional officers (C.O.s) Belanger, Wrenn, and Barbara Sgt. Barbara violated the 14th amendment of the U.S. Constitution ("due process") when he opted to have me lodged (sent) instantly to involuntarily secluded wards, which is also a violation of the NH Patient Bill of Rights (no NH patient shall ever be subjected to involuntary seclusion). Barbara would have none of it. He had me shipped immediately to 23 hrs. a day lockdown E ward after an incident between myself, C.O.s Belanger and Wrenn.

The incident between myself, ultra-sensitive Belanger and Wrenn.

Dear FBI:

04/30/20 (Thurs)

1 of 3

c.o. Wrenn happened as me and Wrenn were exiting the medical exam room. Belanger was on the outside of the room when we crossed paths. He mumbled some gibberish about "sister" that's when I asked him what his sister's name was. I repeated the question numerous times because it seemed like Belanger did not hear me or understand. That is when with sensitive Belanger claimed that "I was being disrespectful" and ordered them escorted me to lockdown. Wrenn was following behind the both of us. I obeyed Belanger's command without incident and locked down. An approx. hour later I was sent to E ward (in other words "lugged") without due process and without incident (again) on Barbara's corrupt command. As a result, I spent an approx. week on E ward then another week on F ward, which is also involuntarily seclusive. Corporal "Robert" Shapiro ill-advised me on a later date when he'd carefully claimed that because I was a patient I'm not entitled to due process, which was and is a bold-face lie. I wrote to Capt. Marshall about Shapiro's corrupt ways.

Now, back to Belanger for a moment. On Friday night a Labor Day Monday (when I got tortured by personnel) 2018. Belanger implied to me that I may have hurt his sister. Is that why back in 2002 Belanger almost ambushed me with the assistance of a white Kojak-type c.o.? Is this also why they mad him the property c.o. so that way he could go through my things and steal key items, which is exactly what he has done since he turned up missing, such as: ① my personal journal ② my postage stamps ③ my yellow legal notepads (with

I also told Marshall about (4) my spring package of items, which my parents paid for (5) my canteen (6) my Patient Bill of Rights document etc.etc. Does it not sound unethical that the administrators chose Belanger to confiscate my property after a serious ^{incident} between he and I? (But, that's what happened! I informed my new guardian (Eric Hansmier) all this then he responded by pretty much asking me to show him how to do his job by asking me what did I want him to do about it? I told him to protect my civil rights by filing a motion with the court and informing them that my rights have been repeatedly violated (hence, the 14-count lawsuit) and that I, Bill Soler, Jr., as a patient, am in harm's way in this prison setting. I still have yet to hear from him.

The reason I am writing to you and then phoning you, is because I believe that at least one federal crime has been committed by this.... what else? Conspiracy! Granting you, the FBI, the right and jurisdiction to investigate the prison and OPG. PPPLEASE do so. Thank you and may God BLESS (Holy Trinity)

PATIENT

INMATE REQUEST: Dear Ms. Christine O'Connor: Can you notify my guardian, Eric Hansmick and inform him that corrupt Sergeant Barbaro and corrupt correctional officer Belanger have violated my constitutional right by not granting me "due process" for the Thurs, April 09th, 2020 incident between myself and he Belanger and Wrenn. Furthermore, they continue on violating my other right by logging me from H ward down to 23h day lockdown and involuntarily seclusive E ward, which according to the Patient Bill of Rights, it is unlawful to keep NH patient involuntarily secluded. It is believed that Barbaro was trying to stall the inevitable (a lawsuit that NH M Health Advocate, Wanda Duryea was going to file on my behalf against the prison). They confiscated my property but only a very small portion of it. Numerous pages to the lawsuit that I had in my H cell room turned up missing when it returned to me (no doubt stolen by hoodigan Belanger since he is the property c.o.). He also stole my 3 books of stamps. Ms. O'Connor please contact my guardian asap and tell him that I am suffering needlessly. Ask him to protect my rights as I have written to Capt. Marshall about Barbaro, Belanger and Wrenn's corrupt ways. Esp. about Barbaro cunningly and malicious name change (Barbero) on his tag to correlate w/ my nephew's former hobby/profession. (If you need more space, use plain paper.) May God BLESS you O'Connor (amen!!!)
